Dear headmaster and students,

Greetings from the children of prenu sadam.

We hope this letter finds you in good health and spirits. We are thrilled to take a moment to express our heartfelt gratitude to each and everyone of you for your generous financial support. We would also like to extend our appreciation to the teachers and students to Anno Gymnasium who have shown us love, care, and support. Your selflessness and compassion mean the world to us. Your support is a testament to the strength of our friendship, and we feel blessed to have you by our side. You are a true blessing in our life.

This year we have total 66 children under our care, among them 6 are doing their nursing course. All the children are very happy to be here in this home of love to do their studies and make their life. Apart from the studies they too are learning music, classical dance, playing football, craft work etc. They are very good in football and love dancing. They go to school everyday and now they are getting ready to take part in sports. Thank you, dear friend this is only possible because of your generosity, thank you so much for your love and thoughtfulness. May God bless you and your family with all the happiness and success, and give you strength, courage and good health in helping the poor children and make this society a better place. Thank you for uniting your efforts with us to care for prenu sadam.

May God bless you, your families, and your institution. We are thankful for your friendship and look forward to staying in touch.

Once again, thank you for your kindness, generosity, and friendship.

With love and appreciation

Your loving children of prenu sadam.
